

Explore Gestation Periods

Research the gestation period (in days) of 5 different species of animal and create a bar graph to represent the data.

Animal Name	<i>i.e. elephant</i>					
Gestation Period	<i>i.e. 280 days</i>					

## Explore Gestation Periods

Research the gestation period (in days) of 5 different species of animal and create a bar graph to represent the data.

Explain what gestation is.

---

---

---

What factors can affect different animals' gestation periods?

- i. 

---
- ii. 

---
- iii. 

---

Explain the shortest and longest gestation periods you found out about from your research.

---

---

---

---

---

---

Stretch Yourself – Can you explain why understanding gestation periods is important for zoologists studying endangered animals?

---

---

---

---

---

Stretch – I can explain the importance of understanding gestation periods

Challenge – I can explain what gestation periods are and the factors behind their length.
