

# Describe the life cycle of the butterfly

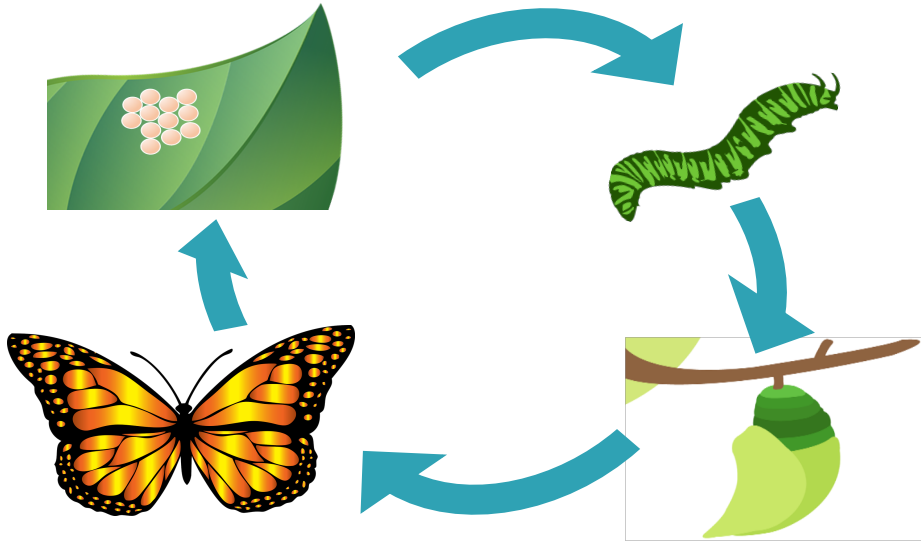

Compare the life cycle of a butterfly to that of a frog and a chicken. You can use the pictures to help you.

Similarities between the butterfly and frog life cycle	Differences between the butterfly and frog life cycle

Similarities between the butterfly and bird life cycle	Differences between the butterfly and bird life cycle

**Write a paragraph which explains how the butterfly develops through the four stages of metamorphosis: egg, larva (caterpillar), pupa (chrysalis), and adult (butterfly).**

**Challenge:**  
Explain why  
butterflies  
lay so many  
eggs?

This image shows a single sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

**Write two paragraphs give the similarities and differences between a butterfly's life cycle with human growth and development. You can include a diagram with your answer**

## Challenge: Why do most animals change as they get older?
