

Here are some ideas which show what we can do to stop deforestation.

1. Plant a tree where you can.

2. Go paperless at home and at school.

3. Buy recycled products and then recycle them again.

4. Buy certified wood products.

5. Support the products of companies that are committed to reducing deforestation.

6. Raise awareness in your community.

What could work for you in your school? What actions will you need to take to implement them? Create an action plan.

Area	Action plan
School	

Challenge Task: Using the information you have gathered in your mission assignment, choose one of your actions and create a leaflet or poster to promote it.

Create an environmentally friendly brand to sponsor your campaign.

Plan your campaign in the table below:

Company name	
Action to promote	
Poster / campaign audience	
Things to include
