

Mission Assignment: Ask relevant questions about the life of insects

Science Week 2024

Wildlife expert Mike Linley will be answering questions about the life of insects during a LIVE lesson. These insects will be featured. What questions do you have for him?

leafcutter ant

---

---

---

---

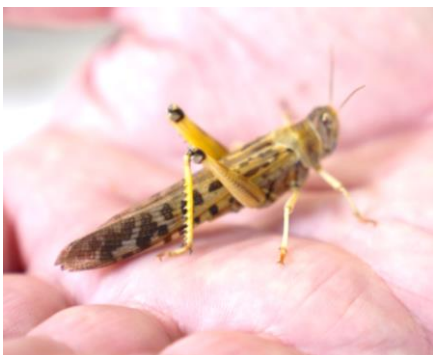

beetle

---

---

---

---

locust

---

---

---

---

Ask your teacher to take a photo of your question and upload it to the Developing Experts platform in the exemplar work section. Mike will try to answer as many questions as possible during the LIVE lesson. Don't forget to add your name and school!
