

What steps can you take to support the phase-out of coal? Design an anti-coal campaign and promote alternatives.

Campaign name	
Campaign motto	
Campaign info- How must your employees get to work, or do your employees work from home? Dress code? Number of employees?	
Coal alternative your campaign promotes	
Design an event to campaign for change, This could be- Protests Fundraisers Seminars (or E-seminars) with the public Lectures to inform the public	

Design your campaign logo in this space:

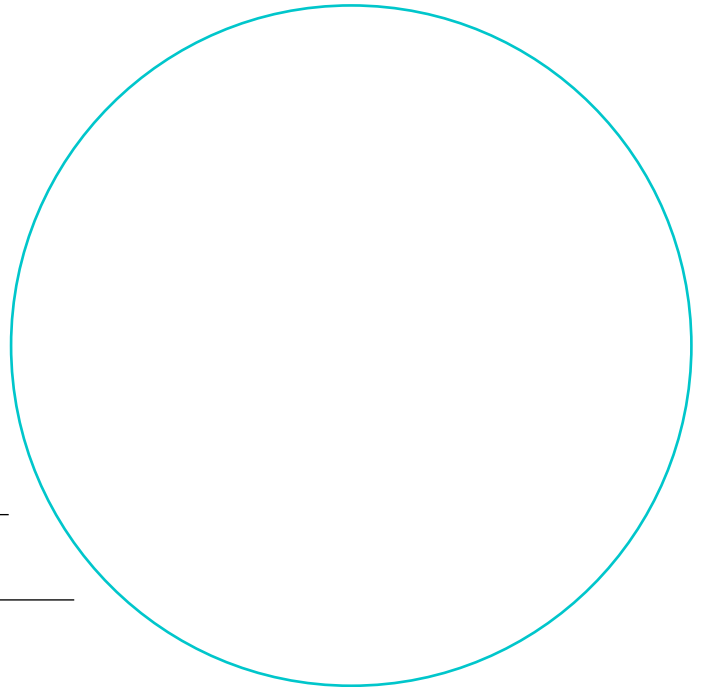

Identify the areas of your life that use the most coal, filling out the table below. Calculate or estimate what percentages might constitute a breakdown of your coal usage.

Coal usage in my life (areas and estimations):

Fill out a pie chart with your results. Write an evaluative conclusion that summarises your highest area of use and what your next steps are going to be to reduce it.

Horizontal lines for writing a conclusion.
