

Mission Assignment: Explore how to maintain biodiversity

Code: KS4_07_18

Research and produce a poster providing a specific example of one of the four methods for maintaining biodiversity and its effect

The four methods for maintaining biodiversity:

- Breeding programmes
- Managing habitats
- Field margins/hedgerows
- Limiting resource use

Use the space below for notes and creating your draft poster:

Mission Assignment: Explore how to maintain biodiversity

Code: KS4_07_18

A large, empty rounded rectangle with a teal border, intended for student work.
